

PRESS RELEASE

Date: 23rd October 2006

For Immediate Release

VFR REAL SCENERY DEMO NOW AVAILABLE

Label:	Just Flight
Developer:	Just Flight
Genre	Flight Simulation
Release	November 2006
SRP	£24.99/€37.95/\$42.99

Just Flight are now proud to reveal that the eagerly awaited demo for VFR Real Scenery can be downloaded and tried out now in Flight Simulator X.

The area covered is taken from Volume 4 (Northern England) and features Lake Windermere and Coniston Water in Cumbria's Lake District - an ideal location to show off just how well the scenery and the 9.6m terrain elevation data work together.

The file size is 110Mb and you can download it via this link – ftp://80.68.88.211/jf/misc/vfrs/vfrs_demo_1.exe

For more information about the products and the demo please visit www.vfrrealscenery.com

All four scenery volumes are available for pre-order - and remember that pre-ordering Volume 1 will earn you a massive 1,000 Just Rewards points. That's £10 off your next purchase from the Just Flight or Just Trains websites!

About Just Flight

Just Flight is the world's leading flight simulation specialist, publishing a wide variety of digital aviation products. Their range comprises a multitude of different titles, including stand alone flight simulations as well as add-ons for Microsoft's multi-million selling Flight Simulator and Combat Flight Simulator. Just Flight also has Just Trains, a specialist label devoted to stand alone train simulators as well as add-ons for the ever-popular Microsoft Train Simulator.

A British company, based in Cambridgeshire, Just Flight has been established for over ten years. It prides itself on quality, value and customer service, which it backs up with a unique money-back guarantee on all its products.

About GeoPerspectives™

GeoPerspectives, formerly marketed as UK Perspectives, is the only brand that offers national orthorectified aerial imagery and a guaranteed rolling five-year update programme. GeoPerspectives uses the latest technology to capture the most accurate and up-to-date aerial photography, colour infra-red imagery and digital terrain & surface models of England and Wales. GeoPerspectives data is used by government, commercial and academic professionals, including the Department for the Environment Farming and Rural Affairs (Defra), Highways Agency, Yorkshire Water and many UK Local Authorities.

GeoPerspectives is a joint venture between Infoterra Ltd and BlueSky International Ltd. www.geoperspectives.co.uk
