

PRESS RELEASE

Date: 25th May 2007

For Immediate Release

For further information, pack shots, samples or assets, please contact Scott Phillips – scott@justflight.com

JUST FLIGHT MONDAY SALE EXTENDED OVER THE BANK HOLIDAY WEEKEND

With Monday 28 May being a Bank Holiday in the UK, we've decided that we'd extend next week's Monday Super Sale offer over the whole weekend.

From 09:00 UK time on Saturday 26 May until 09:00 on Tuesday 29th May you'll be able to buy Tiger Moth - DVD-ROM
<http://www.justflight.com/product.asp?pid=166> and Download
<http://www.justflight.com/product.asp?pid=198> at half the normal price:
£12.49/€18.95/\$21.99.

The normal price of this fine add-on for FSX and FS2004 is £24.99/€37.95/\$42.99 so snap up a bargain while you can!

This aircraft has probably received more reviews than any other add-on we've released, and we're very proud of the compliments lavished on it. Avsim.com called it "a masterful piece of work" and you can read what other reviewers thought [here](#)

FS2004 users who are not familiar with de Havilland's beautiful biplane can try a 30-day demo (16.4Mb) which you can download here.
