Take your seats for the ultimate in luxury jet travel and pilot of one of the most prestigious aircraft ever to cross the skies. . This beautiful, elegant and powerful machine has been developed by feelThere and Wilco Publishing to provide an unrivalled flying experience. It has a 'New Generation' flight deck and boasts the latest technological features in flight simulation including accurate on-board systems, head-up display navigation, an ultra-realistic flight computer and much more.

Please visit the Just Flight website for ordering and product details.

The press have been very impressed:

“This is an aircraft that stands head and shoulders above competing simulations in its class.” PC Pilot

“Beautifully modelled aircraft” Avsim.com

“This aircraft is almost perfect.” FSrunway.it

The Embraer Legacy experience is only enjoyed by a select few in the real world, but now virtual aviators can enjoy its charms in Flight Simulator X or 2004.

- Realism is the key! The Legacy features an accurate autopilot with overspeed and stall recovery systems. The APU sequences are fully simulated and linked to fuel consumption; follow the correct procedures to avoid dry fuel tanks during flight!
- Impressive animations include the wipers, hydraulic suspension, flaps, slats, spoilers, speed brakes, thrust reversers, landing gear, passenger door, cargo hatches and stairs
- Unique features such as an animated flight attendant and real-time flight information for virtual passengers
- Four detailed liveries to choose from - Embraer house colours, PT-SCR (Brazilian), OK-SLN (Danish) and HB-JEO (Swiss)
- Advanced glass cockpit with Honeywell-style avionics, colour weather radar, GPWS, TCAS and a host of other sophisticated features

- Printed manual includes a brilliant tutorial that will help you achieve your executive ambitions!
